## Essay Questions (choose one)

1. Choose a product that currently is not hot-dip galvanized that could benefit from utilizing a galvanized coating. Create a proposal to convince the owner or manufacturer to start galvanizing the project. List at least three benefits of hot-dip galvanizing that will improve this project specifically.
2. You are the lead architect/engineer of a steel project, and the client has requested you submit a proposal with your recommendation for corrosion protection. Develop a convincing proposal addressing durability, sustainability, and cost (initial and life-cycle) to persuade the client to accept your recommended system. Support your proposal using information from the publication *Hot-Dip Galvanizing for Sustainable Design*, [www.galvanizeit.org](http://www.galvanizeit.org), and a theoretical cost example of your project using [www.galvanizingcost.com](http://www.galvanizingcost.com).
